WANTED 1.2 - MADRID 2002

Bienvenidos a wanted 1.2 si los demás números no os defraudaron, creemos que este tampoco lo hará, 60 paginas llenitas de acción.

- Sección Madrid Trains: al más puro estilo madrileño, 8 paginas de cercanías, que demuestran que el invierno no es una mala época del año como muchos piensan.
- Metro de Madrid – Flipaste con el numero anterior?, pues espérate, por que la situación está más caliente que nunca. Aunque parezca difícil de pensar la unión entre los escritores madrileños ha dado su fruto, dando lugar a una serie increíble de wholecars y wholetrains.
- Madrid Walls, en la línea de los números anteriores 14 paginas llenitas de grandes producciones .
- North and South, debido al gran numero de material recibido nos hemos visto obligados a aumentar esta sección, parece ser que el resto de España tampoco se queda parado.
- Valencia Subway, si recordáis los primeros wanted Valencia era una de nuestras secciones fijas, ahora vuelve en este numero con un especial de metro, como podréis ver, la acción no esta solo en Madrid.
- Barcelona Trains: Sol, Playa y Fotos de Dia, 5 paginas en las que tratamos de mostrar la escena en su máximo esplendor.
- Basel City: Una pequeño recorrido por los hall of fames suizos ya conocidos por los seguidores de esta revista.
- All over the World: Un pequeño remix de la escena europea y americana, además como adelanto de ultima hora, Wiesbadem 2002, parece que por segundo año, escritores Españoles, tienen su representación en el mundialmente conocido evento.

Wanted Team 2002

Welcome to Wanted 1.2. If past editions didn defraud you, surely this new one won. Enjoy 60 pages full of action

- Madrid Trains: Pure madrid style with 8 conmuters'pages which will show you winter isn't such a bad season as many think
- Madrid Subway: Didnt you get mad with the last number. then get ready, the scene is the hottest ever for sure. Even if it seems imposible, the union between madrid writers has come to a great succes carrying out incredible wholecar and wholetrain missions.
- Madrid Walls: As seen in previous numbers 14 pages full of great productions
- North and South: Because the great amount of material sent to us we've felt we needed to make this section a bit larger. it seems the rest of spain doesn't stay inactive
- Valencia Subway: If you remember those first Wanted, valencia was one of our for-sure sections, here it comes back in this number with a Valencia Subway's special. As you can see, action is not only in madrid
- Barcelona Trains: Sun, beach, pics taken during the day, 5 pages in which we try to show you the scene as great as it is
- Basel City: A little tour around the swiss hall of fames
- All over the World: A small remix of both european and american scene, and, as a last minute add, Wiesbadem 2002. it seems for second time spanish writers are being represented in this worlwide known event

original product from BARCELONA

Un día saltaba de planeta en planeta recogiendo sueños cuando tropezó con una lata que sonaba a cascabel. La cogió y pulsó su cabeza y una gran llama lo inundó todo y ya el suelo no era suelo, ni el cielo, cielo, todo era color, el color era todo.
